## Press release

### **The RHEINTACHO Group is expanding RHEINTACHO Vision Systems S.A.S. has been founded**

RHEINTACHO Messtechnik GmbH is taking over the activities of ERGECA (RGK Video Systems) from 1 April 2017. The business activities will be transferred to the newly founded company RHEINTACHO Vision Systems S.A.S. with its Headquarters in Buhl, France.

Christoph Mozer, CEO of RHEINTACHO Messtechnik GmbH: "I am very pleased to be able to continue the long-term and trustworthy relationship we have had with Spring Coating Systems, the previous owner of RGK Video Systems with this step. I am also very happy to have been able to get the experienced staff of RGK Video Systems on board the new company. This means a further step in broadening the basis of the successful business development of RHEINTACHO Messtechnik GmbH."

Tom Korchak and Elmar Lackermaier have been appointed to Managing Directors of RHEINTACHO Vision Systems. Tom Korchak is still active in the same function at Spring Coating Systems. He used to be the Managing Director of RGK Video Systems. Elmar Lackermaier is an authorized signatory at RHEINTACHO Messtechnik and manages the department Research and Development.

Tom Korchak: "I am sure this step will enable us to continue to serve our current customers outstandingly. With the know-how of RHEINTACHO in electronics development and the high quality standards, we will be able to expand our market position significantly."

Elmar Lackermaier is also pleased: "The products of RGK Video Systems represent a perfect addition to our current product portfolio. This supports us strongly in taking the next step forward in the field of measuring technology for printing and related branches."

RHEINTACHO Messtechnik GmbH is a company with longstanding tradition and has been engaged since 1901 in the field of rotational speed, a crucial control quantity for mechanical processes. Just over 70 employees are employed at the company's headquarters in Freiburg. In-house product development, production and assembly departments guarantee quick and innovative solutions to customers' individual requirements. The production range incorporates a wide range of solutions of a high technical quality, principally in the field of rotational speed: sensors, hand-held measuring devices, rotary encoders and switching devices. RHEINTACHO UK Ltd, a subsidiary of the German company RHEINTACHO Messtechnik GmbH, is specialized in the production of non-electronic measurement and indication instruments, and acts as a sales and service center for the UK and Ireland.
