

April 2017

Dear Sirs,

We are pleased to inform you that we took over the activities of the company

ERGECA (RGK Video Systems), Headquarters in Buhl / France

from April 1st, 2017 and that the business activities have been transferred to the newly founded company

RHEINTACHO Vision Systems S.A.S., also with its Headquarters in Buhl / France.

Majority shareholder of the RHEINTACHO Vision Systems S.A.S. is RHEINTACHO Messtechnik GmbH / Freiburg / Germany.

Tom Korchak and Elmar Lacknermaier have been appointed to Managing Directors of RHEINTACHO Vision Systems. Tom Korchak is still active in the same function at Spring Coating Systems. He used to be the Managing Director of RGK Video Systems. Elmar Lacknermaier is an authorized signatory at RHEINTACHO Messtechnik and manages the department Research and Development.

We are pleased to have been able to get the experienced staff of RGK Video Systems on board the new company. RHEINTACHO Vision System can thus draw on the market and product know-how acquired over many years.

As a company of the RHEINTACHO Messtechnik Group, RHEINTACHO Vision Systems S.A.S. is now member of an engineering focused, worldwide active company group. With the know-how of RHEINTACHO Messtechnik in electronics development and production of high quality measuring devices (amongst others stroboscopes, tachometers, rotational speed sensors) we strongly believe to be your reliable partner for camera-based inspection systems now and in the future.

Contact details of the new company are as follows:
